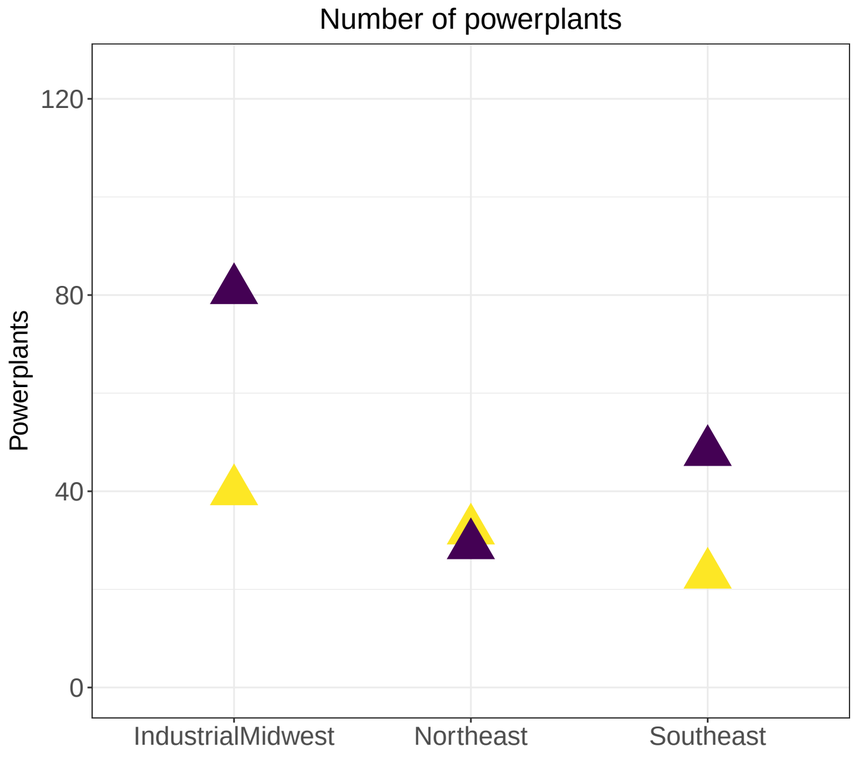
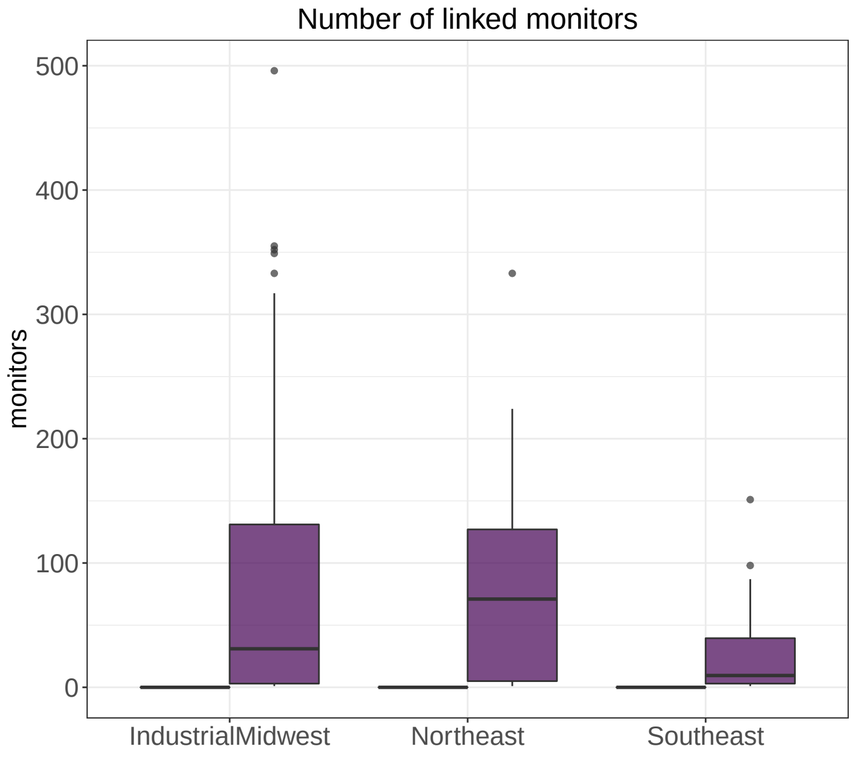
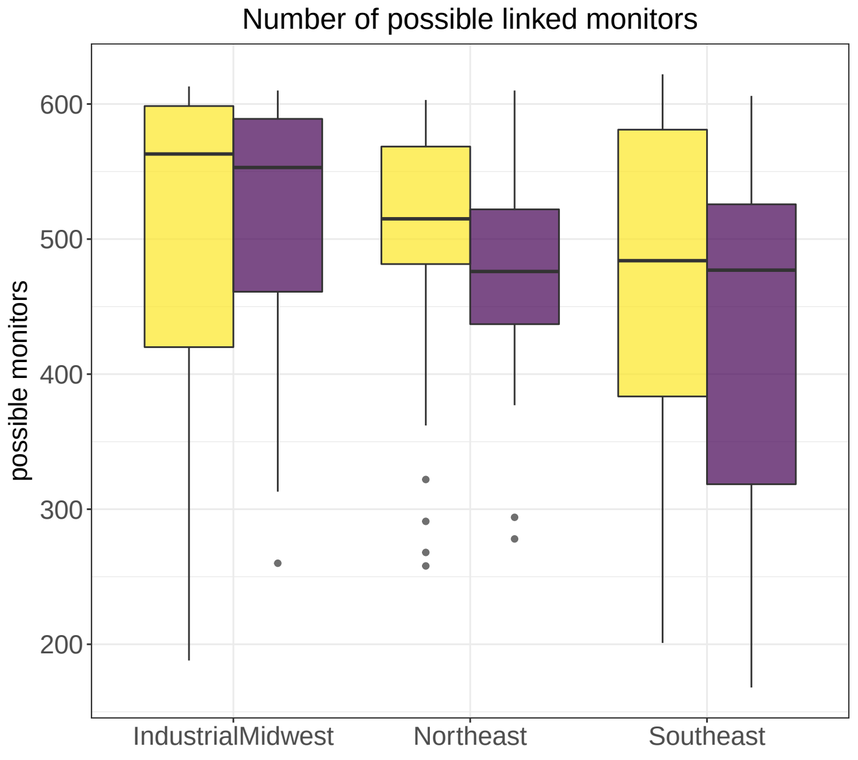
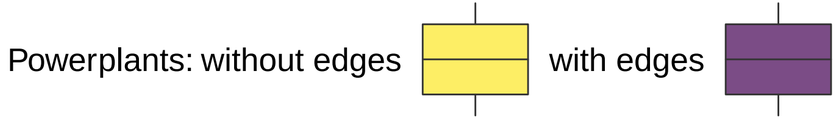
Power plants with and without linked monitors
Power plant:
with linked monitors
without linked monitors

Why do some power plants have linked monitors and others do not?

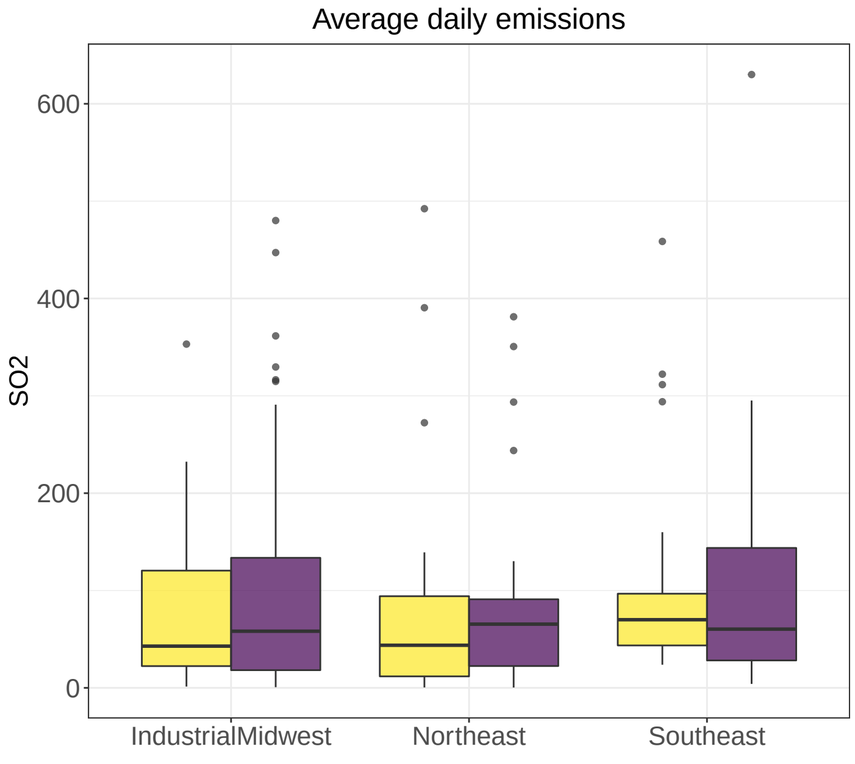


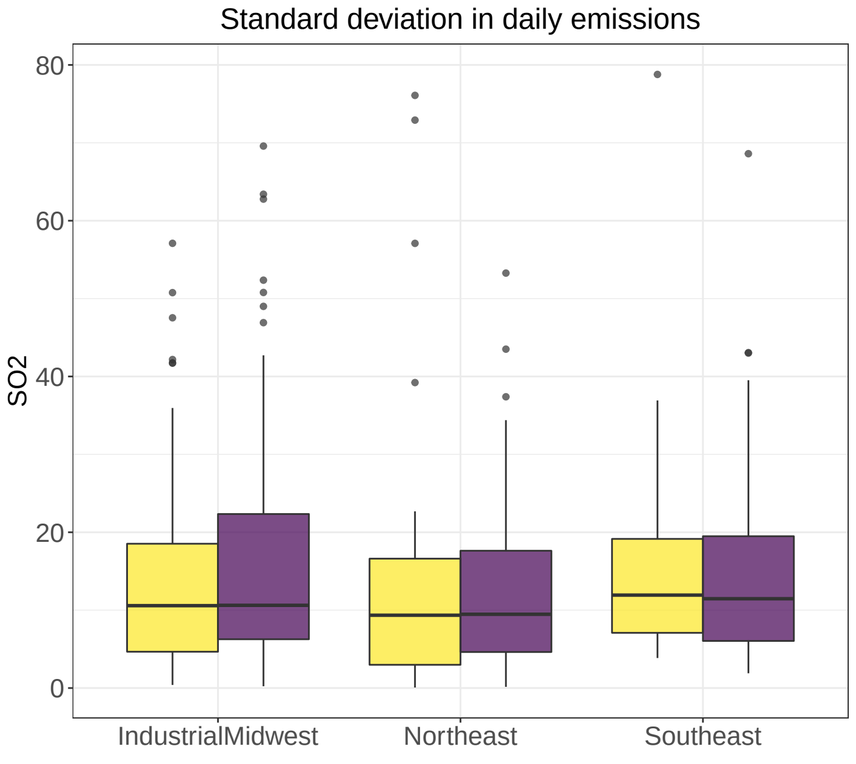


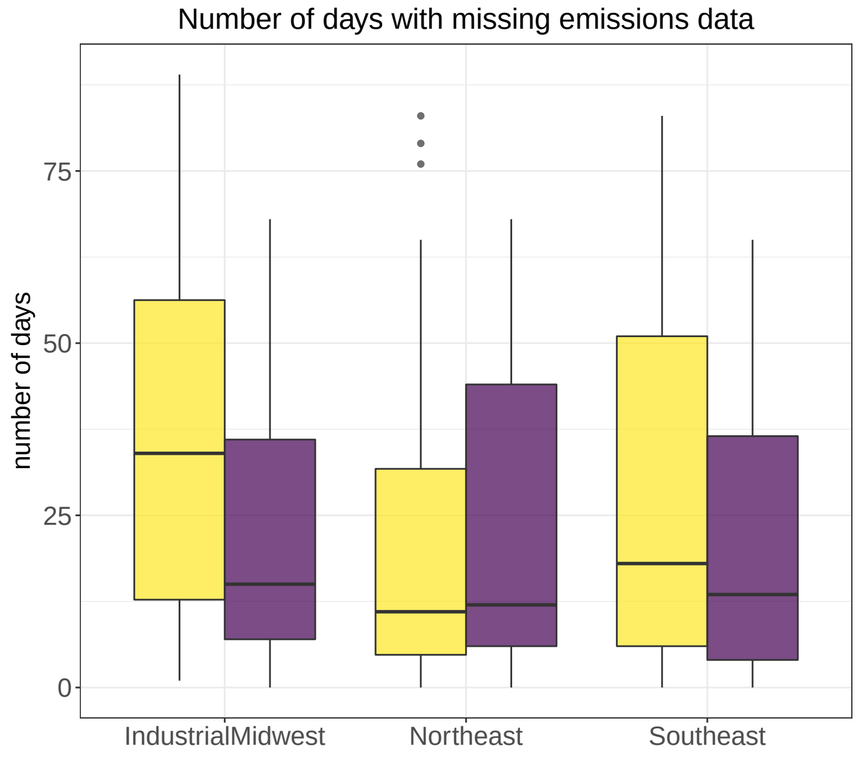


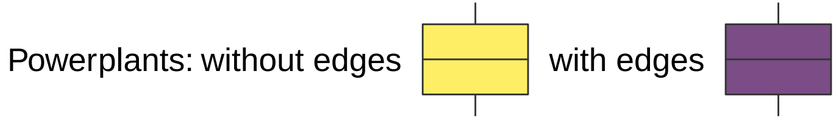


Why do some power plants have linked monitors and others do not?

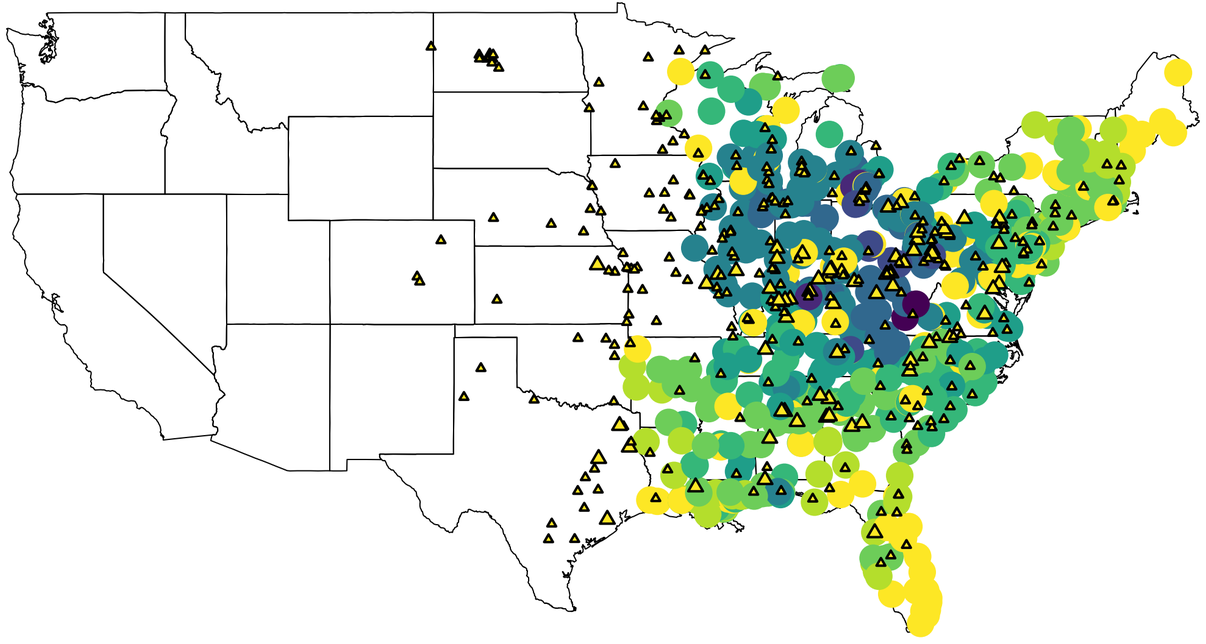




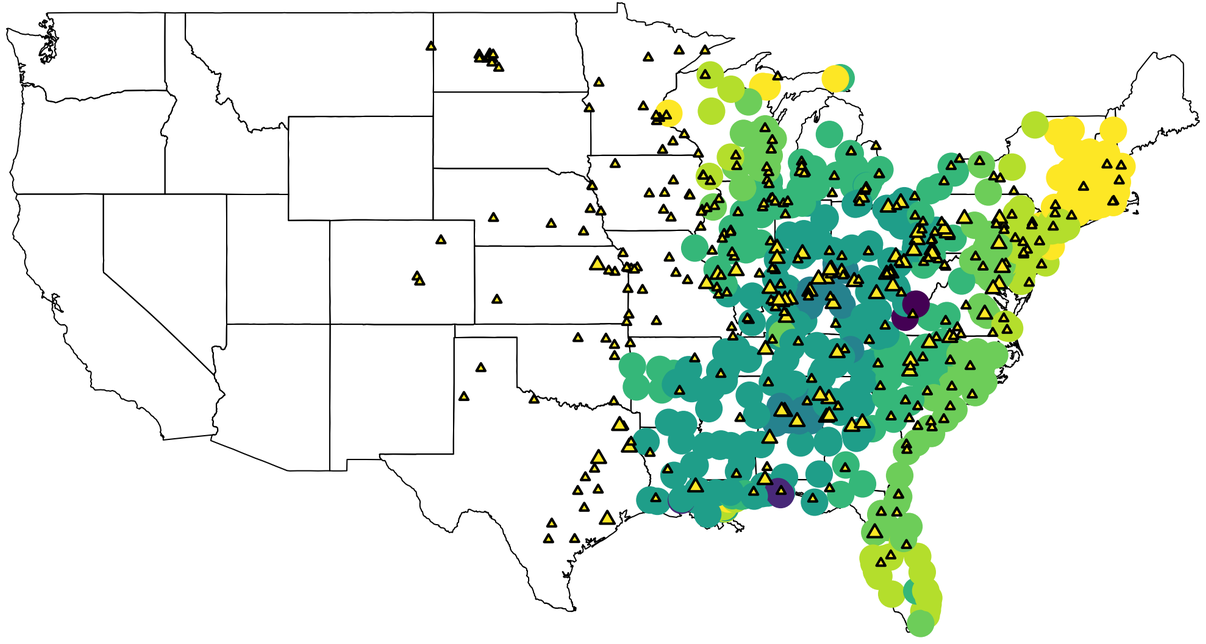




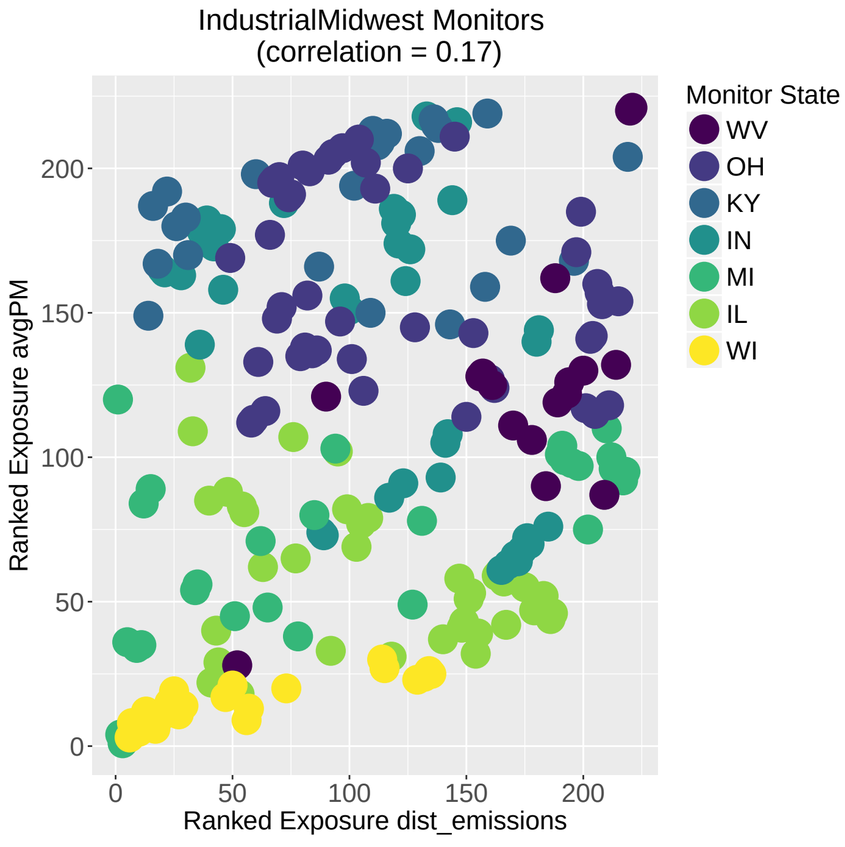
Monitor exposure:
sum of avgemissions*(1/log(distance)), fall_distLag 2005

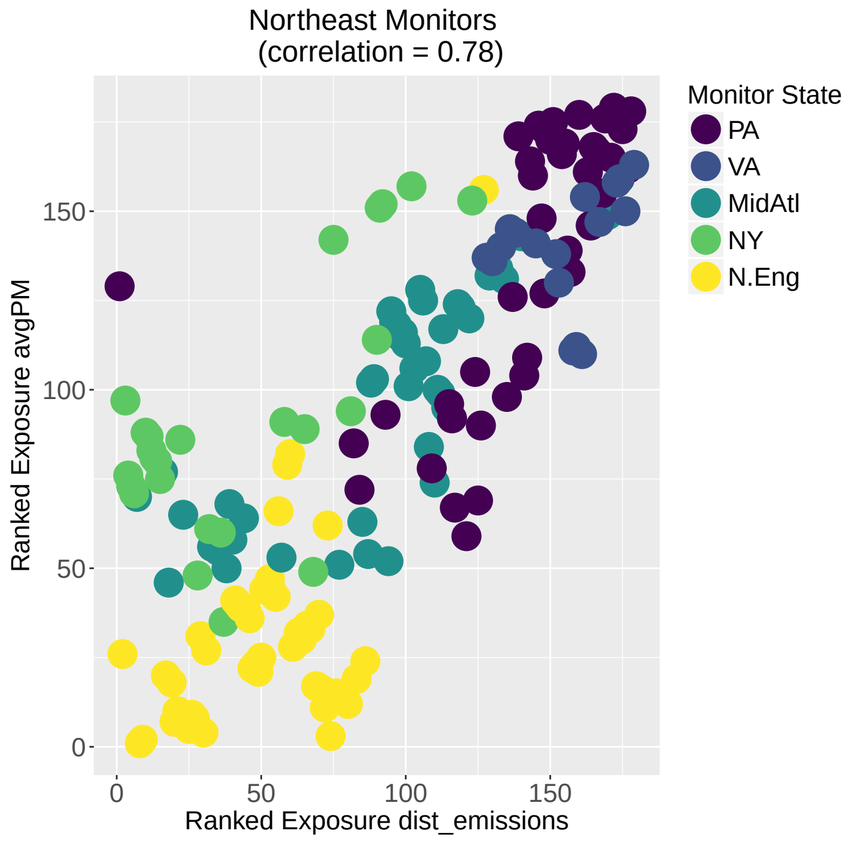


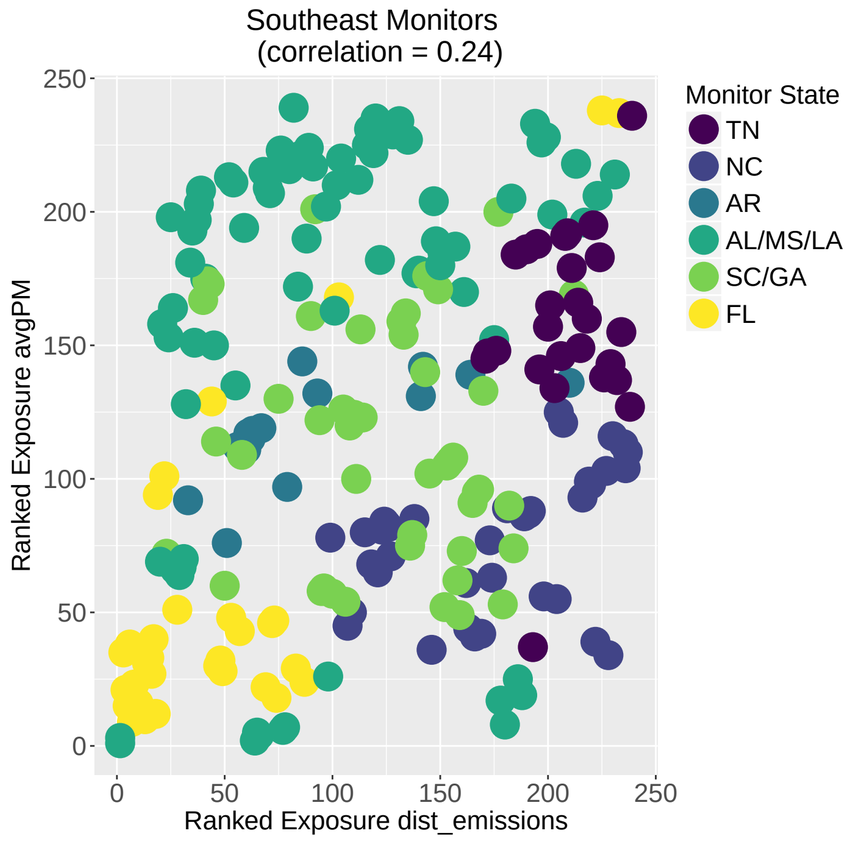
Monitor exposure:
avgPM, decomposed75 fall_distLag 2005



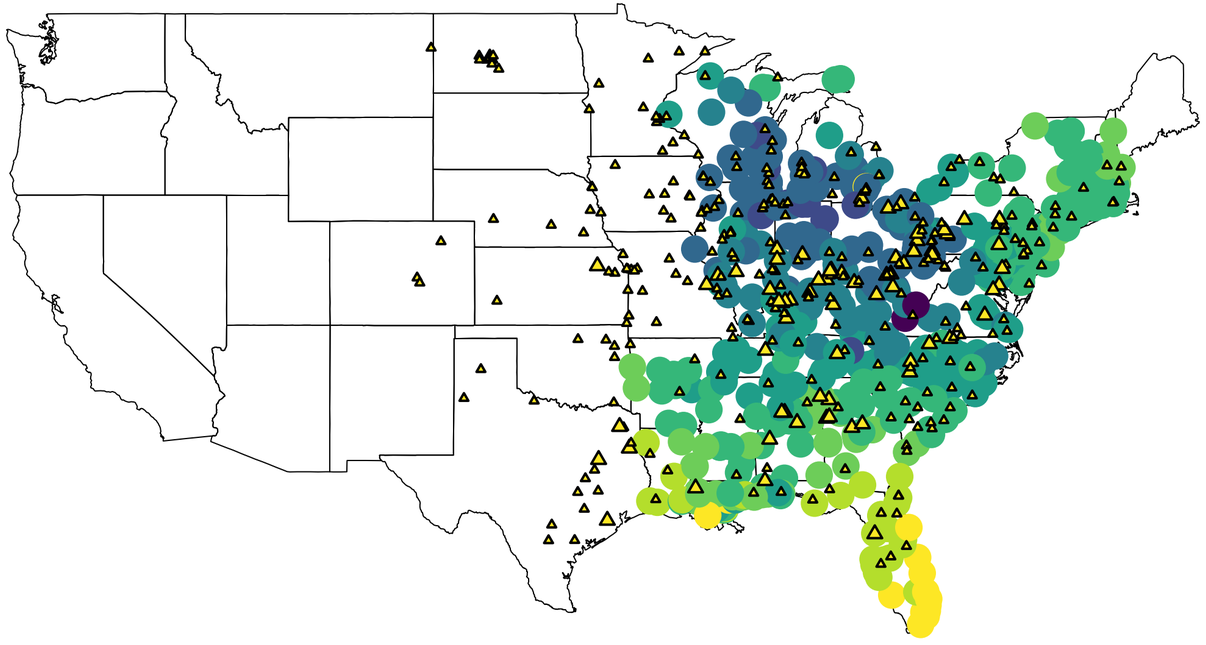
Comparison of coal emissions exposure
(sum of (1/log(distance))*avgemissions vs. low freq PM)



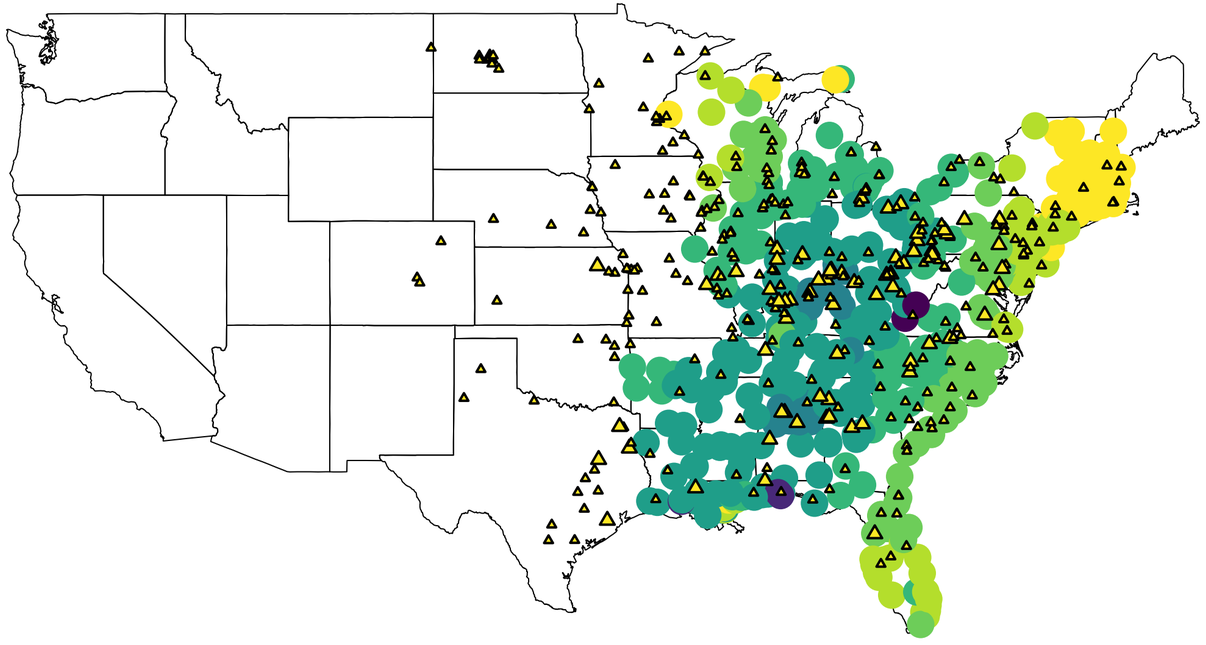




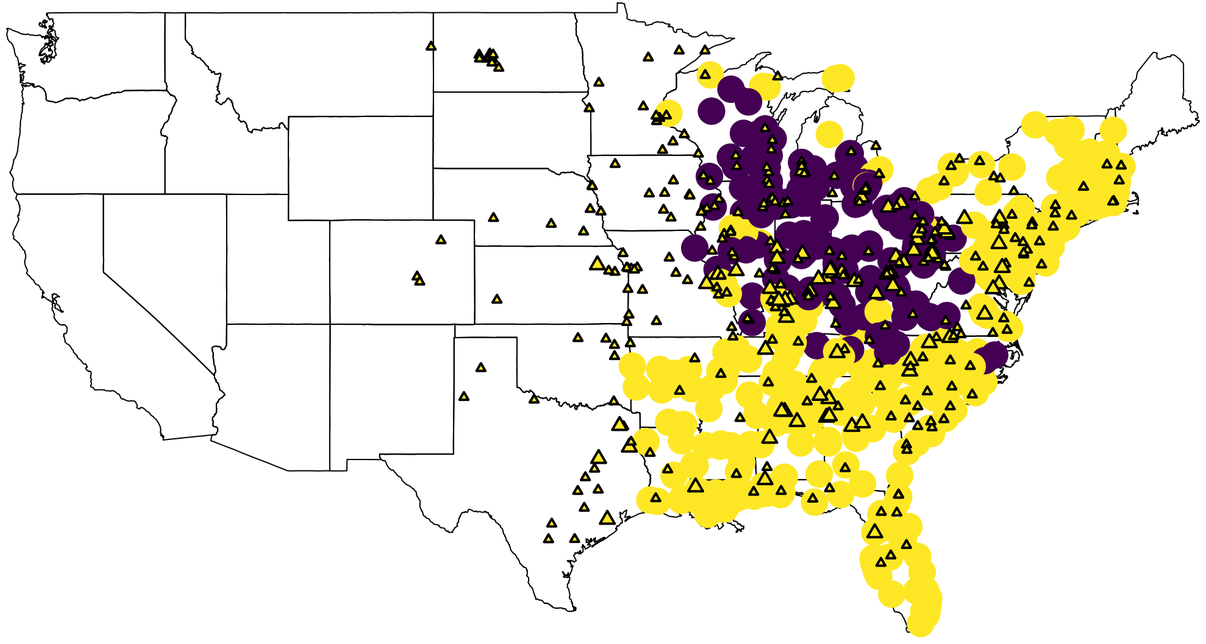
Monitor exposure: num_edges, fall_distLag 2005



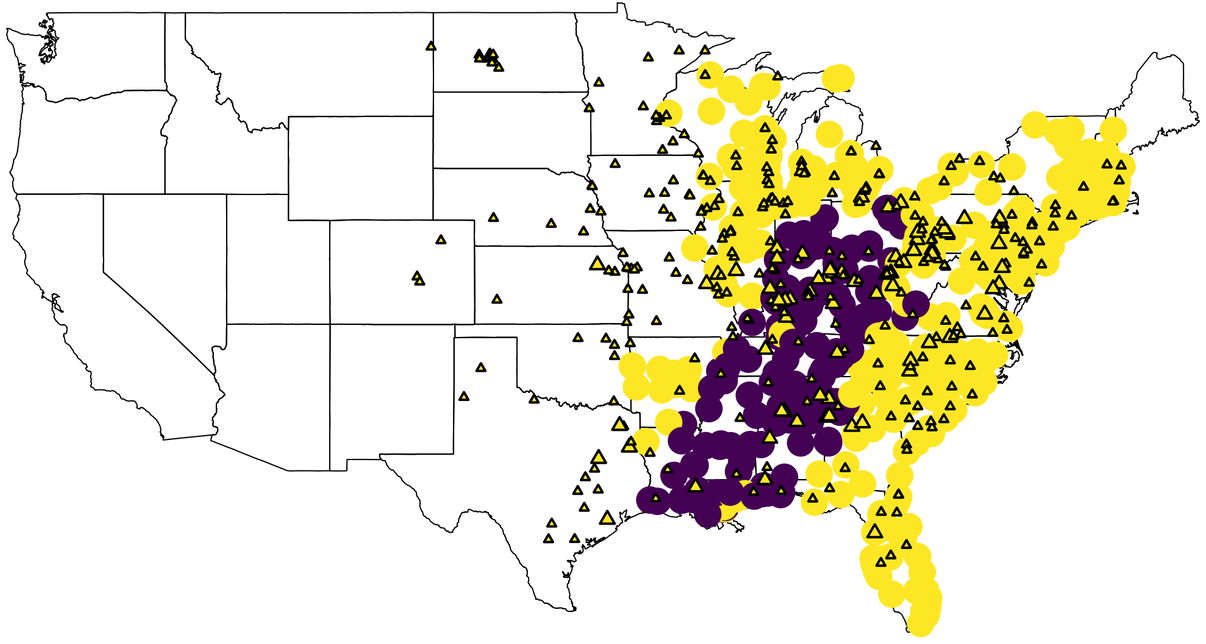
Monitor exposure: avgPM, decomposed75 fall_distLag 2005



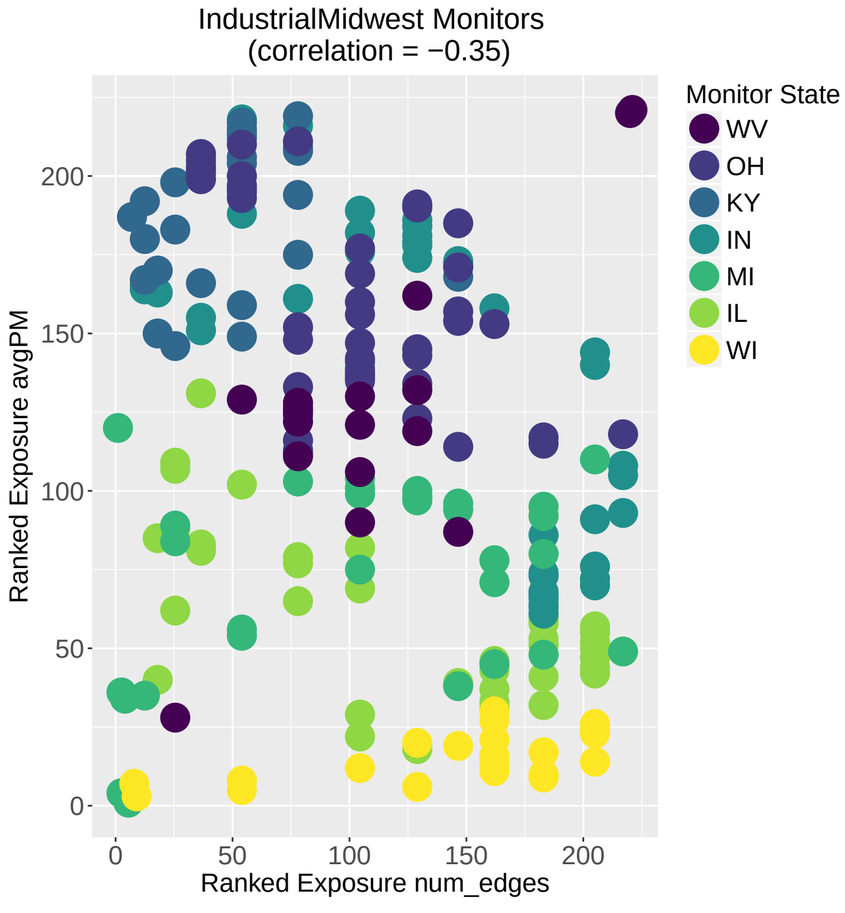
Highest exposed: num_edges, fall_distLag 2005

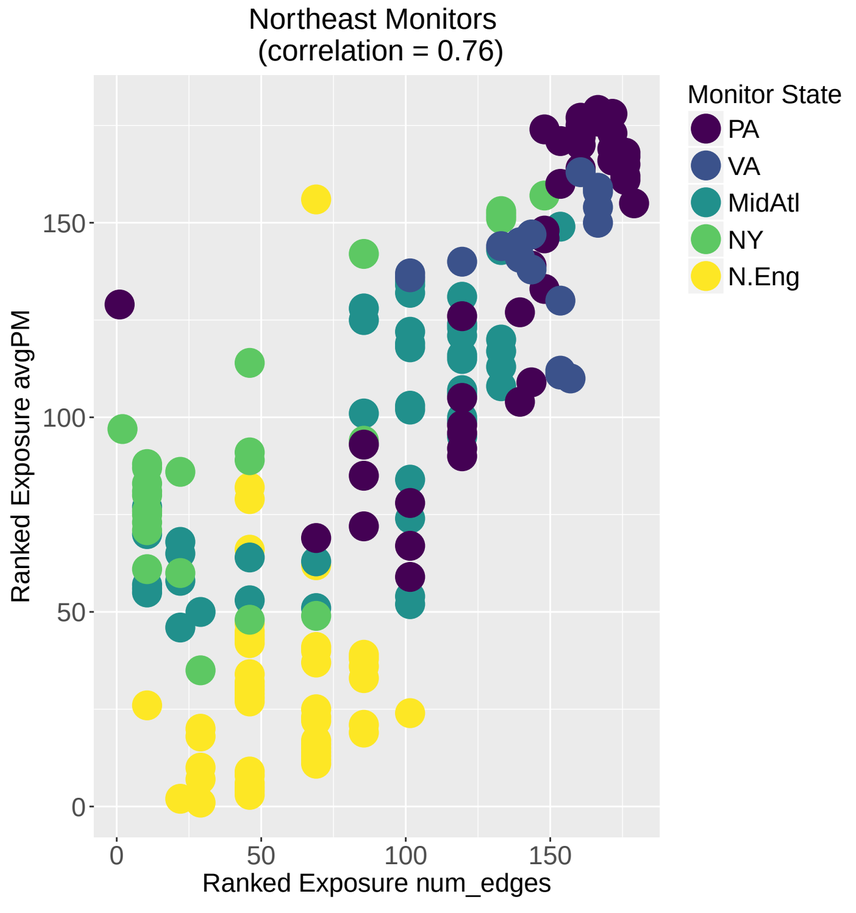


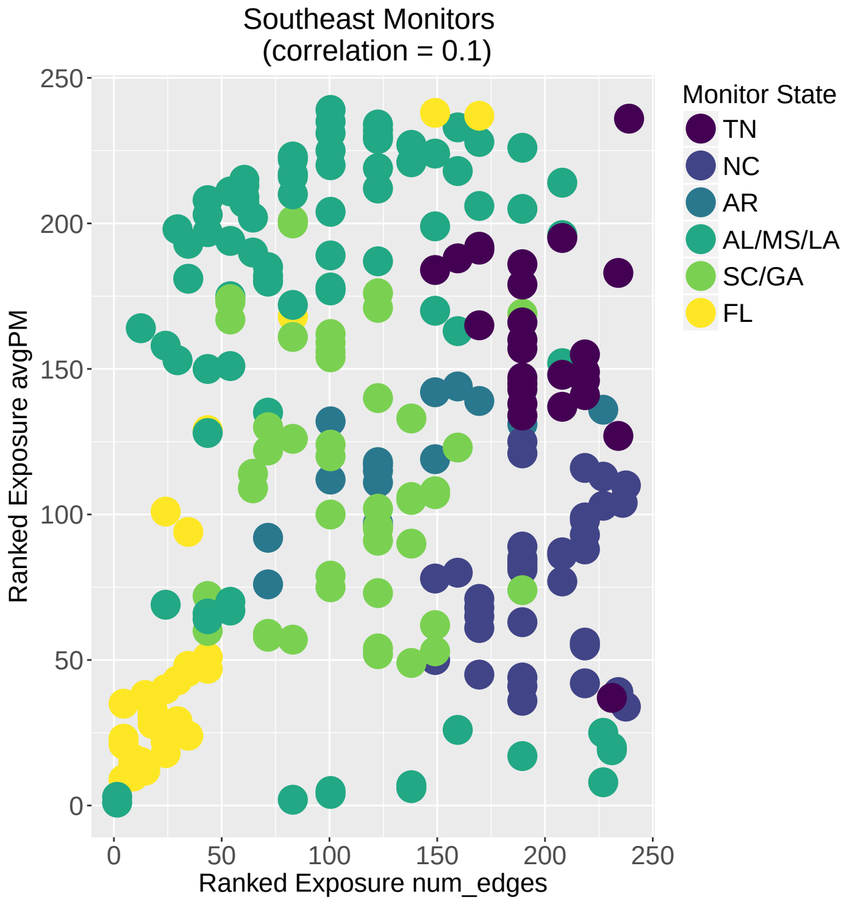
Highest exposed: avgPM, decomposed75 fall_distLag 2005



Comparison of coal emissions exposure (num_edges vs. low freq PM)







Comparison of coal emissions exposure (avgemissions vs. low freq PM)
