

IndustrialMidwest – summer 2005

This map displays the spatial distribution of coal power plants and AQS monitors in the Industrial Midwest region during summer 2005. The map includes state boundaries and a network of edges connecting the locations. The edges are color-coded by lag:

- lag 0 edge (yellow)
- lag 1 edge (green)
- lag 2 edge (blue)
- lag 3 edge (purple)

The symbols used on the map are:

- Large coal power plant (large yellow triangle)
- Coal power plant (small yellow triangle)
- AQS monitor (black circle)
